BRIEF ABSTRACT OF LETTER.

Requesting under the circumstances stated, that Sub Inspectors be appointed lock up officers in places where they are in charge of Assistant Surgeons which number 6 States, viz (1) Chhema (2) Chhotabelkapur (3) Sukeloo (4) Sajanpur (5) Sarvendra

NOTES AND ORDERS.

heavily worked S. R. Offices. But if it is considered as a matter of principle & a General subject that the Asst Surgeons should not hereafter be appointed Lockup Officers — Rule 21 of the Lockup Manual requires amendments deleting sub-sec (1) & correcting sub-secs: 2, 3 etc to 1. 2 & 3.

2) It may be pointed out here that in lieu of Asst Surgeons, Sub Assistant Surgeons may be made eligible for appointment as Lockup Officers in places where Sub Assistant cannot attend to their work owing to very heavy refreshment work in places like Chamarajanagar & in places like French Rocks where recently the Dist Asst Surgeon is appointed Lockup Officer owing to the abolition of the Sub Talluk at that place there being no other Gazetted Officer except the Sub-Assistant Surgeon. An enabling clause may be inserted in the Lockup Manual

4) In places where the lock up is placed in charge of the Sub Asst Surgeons - the question of deputing a Constable Police Officer to do the clerical work of the lock up will not arise good. There is no difference if the Asst or Sub Asst Surgeon is the Lock up Officer, except that the Asst Surgeon is a man of higher Status - and both have no clerical staff. All the same rule 52 of the Lock up Manual requires a change.

5) If the proposal to appoint Sub Registrar in the place noted in the P.O.D - in stead of the Asst Surgeon - is approved, rule 21 of the Lock up Manual has to be changed - in which case the action required to be taken in this file 20-22 (which is linked herewith) will answer both. The Head

6) The Hs proposal in this file is to relieve the Asst Surgeons of the executive charge of Lock-ups under Rule 21 of the Lock-up Rules & appoint Sub Registrars instead. The ground on which this proposal is made is that the Asst Surgeon has no

clerical help, which the Sub Reg has. But ~~was taken up in this Secretariat~~ in another file - Pris 24-20 - the question of giving clerical aid to Asst Surgeons in charge of Lock-ups has been discussed & a draft amending Rule 52 of the Lock-up Manual so as to entrust the clerical work in such places to the Police Daffedar as duty in the Lock up has been submitted as ordered. If that draft is issued, the inconvenience brought to notice by the Dy will disappear & there will be no need to sanction the proposal now made - viz to relieve Asst Surgeons altogether of the executive work of the Lock-ups. As a matter of fact the Sub Asst Surgeon has to be included in Rule 21 of the Lock-up Manual, in view of the appointment made for Bench Clerks in the linked file.

Orders on the question of amending Rule 52 referred to above may perhaps be awaited.

14) The difficulty experienced is not merely on account of want of clerical help but is also due to the distance between the Lock up and the Hospital. There is besides one other reason which last principally Comes to my notice but which is not mentioned by the D.S. of Prisons. This is that most inconvenience is felt as the Asst Surgeon is often called upon to visit patients in the Hospital and to absent himself from the Station on duty attending Courts for giving evidence. At such times there is no responsible officer in charge present and it is conceivable that difficult situations may arise. It seems to me that the change proposed is a desirable one

I have the honor to bring to your notice that in accordance with clause (1) of Rule 21 of Chapter V of the Mysore Lock-up Manual the executive charge of a Lock-up is vested in a Medical Officer not inferior in rank to an Assistant Surgeon, if any in the Station and in his absence on the Sub Registrar of the Taluk. During my inspection, it has been often brought to my notice the hardship experienced by the Assistant Surgeons in maintaining the registers of the Lock-ups in the absence of a clerical staff. The Assistant Surgeons live far away from the Lock-ups and have to carry the Registers to and fro from the Dispensary to the Lock-ups. In the case of Sub Registrars who are placed in charge of the Taluk Lock-up, no such difficulty is experienced as these offices are situated in the same premises where the Lock-ups are i.e., in the Taluk Cutchery. They have their own clerks and the work of the Lock-up goes on smoothly. Owing to the present financial condition, it is not possible to entertain a clerk for the Lock-ups under the charge of Assistant Surgeons and I propose that the local Sub Registrars may be placed in charge of these Lock-

Assistant Surgeon merely attending to the medical wants of the Lock-ups like the Sub Assistant Surgeons. I can see no advantage in placing Assistant Surgeons in charge of these Institutions. Such Lock-ups are 5 in number, as noted in the margin.
